OBJECTIVE

Dynamic and data-driven product analyst with four years of experience in the industry, seeking to leverage my creative and analytical dashboard-building skills to drive market growth and innovation at a leading tech company. Passionate about learning new product technologies, I excel in cross-functional teamwork, client relations, and process optimization. Eager to make a lasting impact within a company that values product development and market strategy.

EXPERIENCE

Copart

Dallas, TX

Technology Product Analyst

March 2023 – Present

- Developed comprehensive user personas and journey maps based on data analysis, enabling the company to tailor marketing messages and improve conversion rates by 10%.
