Collaboration: Cross-functional leadership, Stakeholder Management, Customer collaboration, Engineering partnership

Platforms / Tools: Guidewire ClaimCenter, Jira, Confluence, Data Governance, API Integration & Testing, Developer Tooling

Domains: Market launches (multi-country), Onboarding, CRM/Product analytics, Feature Launch

WORK EXPERIENCE

Product Manager | Copart | Dallas, TX

Mar 2023 - Present

- Led end-to-end delivery of seller integration initiatives, onboarding 20 insurance carriers through Guidewire ClaimCenter within 6 months, expanding inventory by 100,000+ lots across the US and Canada.
- Built and deployed an internal RAG-powered developer assistant using LangChain, LlamaIndex, Llama 3, FAISS, and Streamlit; indexed GitHub repos and internal docs, enabling engineers to query code and integration specs in natural language; reduced integration ramp-up time from one week to two days.
- Implemented automated bid limit functionality across UAE, Oman, UK, and Bahrain with country-specific rules and currency conversion, saving 5+ hours of manual work daily.
- Owned Make an Offer (MAO 2.0) for the UK market; designed a structured seller workflow for reviewing, negotiating, and accepting pre-auction offers, increasing seller acceptance rate by 20%.
- Delivered strategic buyer customization for Copart's largest customer within 2 weeks, boosting business from that account by 30%.
- Deployed post-launch user feedback surveys; insights prioritized feature enhancements and contributed to a 40% churn reduction in the following quarter.
- Elevated customer satisfaction from 78% to 91% over 6 months through structured feedback processes and staff training, driving a 17% uptick in overall satisfaction.
- Led targeted marketing campaigns that raised product visibility, yielding 25% growth in lead generation and 15% higher conversion rates over six months.
- Collaborated with engineering, design, and sales teams to align roadmaps; communicated progress and risks to stakeholders, ensuring cross-functional alignment.

Business Analyst | Cipla Ltd. | India

Nov 2019 - Nov 2021

- Analyzed sales performance across India to identify underperforming regions; recommended strategies that increased sales by 30%.
- Partnered with BI engineers to define metrics and build dashboards; provided leadership with real-time regional visibility, cutting monthly reporting time from 25 to 10 hours.
- Built a business case for bringing enterprise sanitization operations in-house, reducing quarterly operational costs by ~USD 200,000.
- Produced trend reports influencing senior decisions; led to a 30% increase in budget allocation for high-performing product lines and a 10% revenue lift in the following quarter.
