Analytics: SQL, Python, Power BI, Tableau, Google Analytics, FullStory

Product & Design: Jira, Confluence, Figma, Claude

AI & Emerging Technologies: Llama3, LangChain, LlamaIndex, RAG Architecture, FAISS, Streamlit

WORK EXPERIENCE

Product Manager | Copart | Dallas, TX

Mar 2023 - Present

Tech: Jira, Confluence, Figma, SQL, Python, Google Analytics, FullStory, Power BI, Tableau

- Led end-to-end delivery of seller integration initiatives, onboarding 20 insurance carriers through Guidewire ClaimCenter within 6 months, increasing inventory by more than 100,000 lots across the US and Canada.
- Built and deployed an internal RAG-powered developer assistant using LangChain, LlamaIndex, Llama 3, FAISS, and Streamlit that indexed GitHub repositories and internal documentation, enabling engineers to query codebase logic and integration specifications in natural language, reducing integration ramp-up time from one week to two days.
- Designed a Streamlit interface and automated payload sanitization pipeline that removed sensitive fields and generated clean API test payloads from production responses, significantly reducing manual debugging effort and accelerating integration validation.
- Built automated bid limit functionality across UAE, Oman, and Bahrain using country-specific rules and currency conversion, eliminating over 5 hours of manual operational work each day.
- **Led delivery of MAO 2.0 for the UK market**, creating a structured seller workflow for reviewing, negotiating, and accepting pre-auction offers.
- Delivered strategic buyer customization within 2 weeks for Copart's largest customer, increasing business from that account by 30%.

Business Analyst | Cipla Ltd. | India

Nov 2019 - Nov 2021

Tech: SQL, Python, R, Tableau, Power BI

- Analyzed sales performance across India to identify underperforming regions and recommended targeted strategies that increased sales by 30%.
- Worked with business intelligence engineers to define metrics, build dashboards, and provide leadership with real-time visibility into regional performance.
- Developed the business case for bringing enterprise sanitization operations in-house, **reducing operational costs by approximately USD 200,000 per quarter.**

EDUCATION

Master of Science, Business Analytics | University of Texas at Dallas

Jan 2022 - Dec 2023

Bachelor of Technology, Civil Engineering | Manipal University Jaipur | India

Apr 2015 - Jul 2019
