Business & GTM: Sales, Go-to-Market, Authorization, Business Development, Customer Engagement, Web Services, Fintech, Customer Lifecycle, Lead Generation

WORK EXPERIENCE

Product Manager | Copart | Dallas, TX

Mar 2023 - Present

- Led end-to-end seller integration strategy for **20 insurance** carriers in **6 months**, expanding inventory by **100,000+** lots across the U.S. and Canada through data-driven product management and cross-functional execution.
- Partnered with engineering, QA, and design to translate business needs into product requirements, prioritize backlogs, and ship marketplace workflows with minimal guidance across backend and API-dependent surfaces.
- Delivered AI-powered historical lot insights using machine learning signals and quantitative analysis, improving seller decision-making and contributing to a **1 million-unit increase** in platform inventory.
- Built automated bid-limit logic across UAE, Oman, and Bahrain using country-specific rules and HTTP-based currency conversion, eliminating **5+ hours** of manual operational work each day.
- Launched MAO 2.0 for the UK market, creating a structured seller experience for reviewing, negotiating, and accepting pre-auction offers across the full product lifecycle.
- Implemented Google Analytics and FullStory across buyer and seller portals, enabling UI-centric analysis, testing, experimentation, and roadmap prioritization based on behavioral data.
- Delivered a custom buyer configuration in **2 weeks** for the largest customer account, increasing revenue from that account by **30%** and strengthening go-to-market execution.

Business Analyst | Cipla Ltd. | India

Nov 2019 - Nov 2021

- Analyzed sales performance across India to identify underperforming regions and recommended targeted go-to-market actions that **increased sales by 30%**.
- Collaborated with business intelligence engineers to define quantitative metrics, build dashboards, and provide leadership with real-time visibility into regional performance.
- Developed the business case for bringing enterprise sanitization operations in-house, reducing operating costs by approximately **USD 200,000 per quarter**.
- Partnered with leadership on regional sales planning, segmentation, and prioritization to improve execution across commercial channels and support revenue growth.

EDUCATION

Master of Science, Business Analytics | University of Texas at Dallas
